Attn: Ari Marchand

Dear Ari:

I want to thank you for the security system you installed in my stations.

As an owner of a half dozen stations, I can tell you that the system has been an incredible management tool. For the first time in a very long time, I am able to relax at home and manage my business instead of rushing from location to location. The local police appreciate it also, since I have been able to provide them on several occasions with CD's for evidence.

Once again, thank you,

Sincerely yours,

Chaman Popli
Owner
